

SEEN PASSAGE : 01 [Q: 1,2]

MODEL QUESTION 1

Unit: 7, Lesson : 1

Read the passage and answer the questions 1 and 2:

Every Thursday afternoon Ashish Biswash plays football. He is a striker. He plays for the local Friends Club. Do you want to know what else he does on other days? This is what Ashish says: "Friday and Saturday are my weekends. On Friday, I go to my village home. Going home is really a wonderful experience. My mother waits for me there. In the afternoon, I go cycling with my friends. Sometimes I go for a long walk. Next day I get up a little late. In the afternoon I play kabadi. In fact, I was a kabadi player during my school days.

From Sunday to Thursday I go to the club at 7 o'clock in the morning. It's the time for our regular practice. So I have to get up by 6 o'clock. Usually on Monday afternoon, the team doctor sees all the players. On Tuesday our coach shows us videos of important matches. We learn a lot from them. On Thursdays when we practise, our team manager watches our performance and keeps a record of that. Then he selects the team for the day. In the afternoon I go to the club at 1 o'clock. I spend some time with my teammates. At 4 o'clock our match begins. We regularly play with other local teams."
